EDUCATION

IUBAT — International University of Business Agriculture and Technology
Bachelor of Science in Mechanical Engineering | CGPA: 3.43 / 4.00

Dhaka, Bangladesh
[January 2020 – December 2023]

PROFESSIONAL EXPERIENCE

Bangladesh Japan Information Technology (BJIT)
Mechanical Design Engineer

Dhaka, Bangladesh
[July 2025 – Present]

- Designed and developed mechanical components and systems, creating detailed 3D models and 2D drawings using multiple CAD tools; managing CAD data, revision control, and workflows through PLM systems.
- Validated designs for quality, compliance, and manufacturability; collaborated with global engineering teams (Etteplan, Halton Group), manufacturers, and suppliers with clear technical documentation and reporting.
- Leveraged AI/Copilot and Work Breakdown Structure (WBS) to optimise workflows, reducing buffer time by up to 30% and ensuring consistent error-free project delivery.

Shimizu Corporation (Shimz)
Mechanical Design Engineer

Dhaka, Bangladesh
[May 2025 – June 2025]

- Prepared mechanical shop drawings for steel structures, ensuring full compliance with QA and Japanese quality standards.
- Coordinated with BOSTON, RELIANT, and P.Point design engineering teams for CSD and SD drawings; attended meetings with teams and contractors.
- Conducted site inspections to verify local compliance and maintain drafting accuracy throughout project delivery.

KED Solution Ltd.
Jr. Mechanical Design Engineer (MEP)

Dhaka, Bangladesh
[March 2024 – April 2025]

- Designed Fire Safety, HVAC, and Plumbing systems in compliance with NFPA, BNBC-2020, ASHRAE, and IPC standards; performed cooling load, ventilation, pump, and tank calculations.
- Prepared shop drawings, working drawings, and as-built drawings using AutoCAD and Revit MEP 3D; developed fire protection systems including hydrant, sprinkler, and pump layouts.
- Managed BOQ preparation, cost estimation, site visits, and installation support across 21+ industrial, commercial, and residential MEP projects.

TECHNICAL SKILLS

CAD & Visualization	: SolidWorks, Siemens NX, Inventor, Fusion 360, Tekla, Creo, Revit, AutoCAD.
Simulation Software	: Ansys Fluent, MATLAB & Simulink.
PLM Software	: Teamcenter, SAP, Autodesk Vault.
Programming Languages	: C/C++, Python, HTML/CSS, Git, GitHub, GitHub Actions, VS Code.
Specialized Libraries	: NumPy, Pandas, Scikit-learn, Plotly, TensorFlow, PyTorch.
Render & Editing	: KeyShot, Blender, Adobe Illustrator, Adobe Photoshop.
Others	: Microsoft Office (Word, Excel, PowerPoint), Windows, Google Workspace.

SOFT SKILLS

Teamwork	: Collaborative mindset with experience in group projects and team environments.
Multi-tasking	: Manages multiple tasks and priorities simultaneously without compromising quality.
Leadership	: Experience leading teams, delegating tasks, and driving project goals.
Analytical & Problem-solving	: Breaks down complex problems and delivers effective solutions.
Adaptability	: Rapidly adapts to new tools, technologies, and environments.
Conflict Resolution	: Resolves disagreements constructively to keep teams positive and productive.
Communication	: Delivers clear, concise, and professional communication across all levels.
Languages	: English (Professional) and Bengali (Native).

HONORS & AWARDS

- Recognized twice for Academic Excellence with Dean's certificates from the University. [January 2020 – June 2020]
- Secured 3rd Place in the British Council Book Reading Program 2020. [January 2020]
- Appointed as Logistics Officer, ASHRAE IUBAT Student Branch in recognition of active contribution and dedication. [January 2022 – December 2023]

CERTIFICATIONS

- Certified SolidWorks CAD Design Professional (CSWP). [September 2025]
- Certified SolidWorks Drawing Tools Professional (CSWPA-DT). [December 2025]
- Certified SolidWorks Sheet Metal Professional (CSWPA-SM). [November 2025]
- Certified SolidWorks Electrical Design Associate (CSWA-E). [December 2025]
- Certified SOLIDWORKS 3DSwymer Associate (CSWA-3D). [December 2025]
- Certified SOLIDWORKS Associate (CSWA). [November 2025]
- L-1 to L-3 Information Manager. [May 2026]
- AI Programming with Python. [February 2026]
- Elements of AI Agent. [April 2026]
- ISO 19650. [May 2026]
- IFC Training. [February 2025]
- Revit Advance. [December 2025]
- Revit MEP Course. [February 2025]
- Revit Architecture Course. [February 2025]
- AutoCAD Mechanical Design. [November 2025]
- Introduction to Notebook LM. [April 2026]
- ISO-101-Information-Security. [August 2025]
- Air Terminal Design Training. [February 2025]
- HVAC Basics and Psychrometry. [February 2025]
- Project Management Foundations Requirements. [December 2025]
- Requirements Elicitation for Business Analysis Stakeholder. [November 2025]

PROFESSIONAL AFFILIATIONS

- SOLIDWORKS Certification Program. [August 2025 – Present]
- American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE). [January 2021 – Present]
- American Society of Mechanical Engineers (ASME). [March 2026 – Present]
- International Association of Engineers (IAENG). [May 2026 – Present]
- Institution of Mechanical Engineers (IMechE). [January 2026 – Present]
- National Fire Protection Association (NFPA). [April 2026 – Present]
- American Welding Society (AWS). [April 2026 – Present]
- Debating Forum of IUBAT. [January 2020 – December 2020]
- Autodesk HUB. [January 2026 – Present]

LEADERSHIP EXPERIENCE

IMechE IUBAT Student Chapter (IISC)

Dhaka, Bangladesh

Student Advisor

[January 2022 – December 2023]

- Advised and mentored student members in developing technical engineering skills through structured learning and apprenticeship programs.
- Promoted engineering innovation and excellence within a non-profit academic chapter environment.

ASHRAE IUBAT Student Branch (2022 – Present)

Dhaka, Bangladesh

Student Advisor and Logistics Officer

[January 2022 – December 2023]

- Organised technical events and supported chapter activities focused on HVAC&R and sustainable building technologies.
- Active member of the Bangladesh Chapter since 2021, contributing to knowledge-sharing and professional development initiatives.

Debating Forum of IUBAT

Dhaka, Bangladesh

Executive

[January 2020 – December 2020]

- Coordinated workshops and contributed to event organisation, supporting overall club operations and member development.
- Actively participated in debate activities and club initiatives throughout the tenure.
